

Shipping a car from Singapore to the United Kingdom

Import Car to UK from Singapore. At **Car Shipping Made Simple**, we ship weekly from Singapore to the UK, using the fastest and most direct route.

We ensure your vehicle's safe and secure journey because we know how important it is to you.

From motorbikes to SUVs, we'll tailor our services to your needs. Depart at a time that suits you from the depot in Singapore, and track your vehicle using our specialist tools. Our agents in Singapore are on hand to provide assistance locally.

1. Prior to arranging shipping of your car, it must first be de registered in Singapore
2. To ship your car we will require
 - Copy of Passport/ License
 - Copy of registration document
 - Copy of the purchase invoice (if available)
 - If any personal effects in the vehicle please supply detailed packing list.
3. We will arrange for collection.
4. We carry out an inspection report, complete the paperwork, assist with country regulations and customs formalities ready for transportation.
5. Our dedicated and highly skilled personnel will load your vehicle into a container, in which it will be protected in a steel box until it reaches its destination in the UK. It will then be ready for collection, or we can deliver it to you for your convenience.
6. We will then deal with any paperwork, carry out a vehicle inspection report and help with specific country regulations.
7. Once your vehicle arrives in the UK, you can pick it up from our terminal, or we can deliver to your door.
8. We will handle all paperwork, including inspection reports, country regulations and customs formalities. Plus, you only pay 50% upfront.

With our no hidden fees policy and professional shipping agents, shipping couldn't be simpler

You can also choose your departure times and use our tracking service to follow your vehicle on its journey. So get an instant quote today to ship your vehicle with a safe, reliable and trusted service. [Click here for a full UK Car Import Guide](#)
