

## **Shipping a car from South Africa to the United Kingdom**

Import Car to UK from South Africa. We import a wide range of vehicles, from South Africa to the UK.

We offer a weekly container service to the United Kingdom, and can arrange for collection of your Vehicle throughout South Africa. Our depots are located:

Cape Town – Port to Port transit time of 17 days

Durban – Port to port transit time of 26 days

**Car Shipping Made Simple** have a no hidden fees policy, use the quickest and most direct routes and our qualified shipping agents are here to help every step of the way.

1. In conjunction with our South African agents, we can arrange for Police clearance of your vehicle so it can be exported.
2. Once the Microdot certificate and SAPS 263 are obtained we can apply to ITAC for an export permit IE362
3. In addition to the above we require from you
  - Copy of your ID
  - Copy of your Passport
  - Vehicle Registration paperwork
4. Your vehicle will then be loaded by our experienced staff into a shipping container to protect it from potential damages.
5. Your vehicle can also be tracked along its journey using our tracking feature which can be found on our website.

[Get an instant quote today](#) to ship with a quality service and make shipping your vehicle simple.
